MAKING EAST TEXAS HEALTHIER

At Palestine Regional Medical Center and Palestine Regional Rehabilitation Hospital, our commitment is to care for the communities we serve with compassion and respect. Because we are in the business of helping others, we will strive to always serve our customers with integrity and sincerity. We thank you for choosing our hospital for your healthcare needs. With your support, together we can make an even greater hospital and a healthier community.

Working with our physicians, dedicated nurses and healthcare professionals we will continue to grow. We're proud to be an integral part of this great community and to play our role in helping Palestine prosper. Delivery of quality healthcare is a big part of the contribution we make. But, there are many other ways our hospital makes a positive impact on our communities.

Helping Those in Need

In 2008, Palestine Regional Medical Center provided \$19.1 million in uncompensated care for those lacking sufficient financial resources. Our support of those in need continues to be an important mission of our hospital.

One of our Communities Major Employers

Providing an annual payroll in 2008 of \$22.4 million for 475 employees makes Palestine Regional Medical Center one of the largest employers in our area.

Adding New Physicians

During the past year, several new physicians have joined the medical staff of Palestine Regional Medical Center including specialists Dr. James Wilder (radiation oncology) and Dr. Matthew Isom (obstetrics and gynecology). In addition, Dr. Carrie Cooper and Dr. Cesar Uy initiated our 'hospitalist' program in July and Cardiovascular Consultants of Tyler opened an office in Palestine. We will continue to expand our medical staff to meet the needs of the communities we serve.

Investment in Capital Improvement

2008 Capital Investments totaled \$3 million. This investment included the purchase of a state-of-the-art digital mammography unit, as well as a new GE 64-slice CT unit. In the coming months we will complete several renovation projects and continue to add new technologies and services.

Contributing to our Local Tax Base

For year 2008, Palestine Regional Medical Center paid approximately \$744,000 in local property taxes and \$675,000 state sales taxes.

Thank you for supporting our hospital. We are proud to serve you.

The Right choice... Right here
