

Environmental Commitment.

Luminant is honored to have received the 2009 Director's Award for advancing the science of reclamation from the U.S. Department of the Interior's Office of Surface Mining. This is the OSM's highest honor, and Luminant is gratified to have received it an unprecedented five times.

We applaud our employees' dedication to the environment and to being a good neighbor in our communities.

Freestone County Judge Linda Grant and Commissioner Luke Ward accept an environmental appreciation award from Luminant officials on behalf of the county.
